- API: Chainpoint, Auth0, DocuSign, Stripe

CryptoGym · Apr. 2018 to Aug. 2018
- Interactive training app for blockchain technology
- Tech: React, Redux, Styled Components, Node.js, Express

Professor Jones Music · May 2018
- Fully responsive, modern artist site
- Tech: React, CSS, Express, Node.js
- API: Stripe, YouTube, Bandsintown

B.C. / A.D. · Oct. 2018
- System for authenticating & verifying artifacts & antiques on Ethereum
- Tech: React, CSS, Node.js, Express, Web3.js, MetaMask, Solidity
- API: Twitter

React Movies · Oct. 2018
- UI-focused app with real-time search that displays details & trailers of films
- Tech: React, CSS
- API: The Movie Database

EXPERIENCE

Lambda School
Full Stack Developer   Remote · Feb. 2018 to Current
- Led a team of 5 that successfully built an enterprise level blockchain enabled verification platform
- Implemented responsive web design using HTML5 and CSS3
- Developed numerous SPAs using JavaScript ES6+, React, Redux, and webpack
- Deployed full-stack web applications using Netlify, mLab, and Heroku
- Tested full-stack JS applications with Jest, Enzyme, Mocha, and Chai
- Developed Python/Django and Node.js servers.
- Implemented auth workflows using JWTs, cookie-based systems & third party OAuth providers
- Built numerous RESTful APIs backed by various SQL and NoSQL databases
- Utilized git workflow on all projects

Full Stack Web Teaching Assistant & Team Lead
- Led the success of 8 students through the Mastery Based Progression program to 100% passing rate
- Administered daily code challenge sessions, agile standup meetings, and content review lectures
- Reviewed pull requests to maintain high quality code standards and readability
- Met with instructors daily to provide feedback on student progress & offered direction on the development of the web curriculum

Helios Cooperative
Co-Founder | Full Stack Developer   San Francisco, CA · Jan. 2018 to Current
- Organize developer meetups & hackathon teams
- Lead & collaborate on blockchain projects
- Review white papers
- Speak at tech events
- Publish relevant articles and videos
